# CAPABILITY STATEMENT

Polyrific builds AI solutions for enterprises. Learn more at [polyrific.ai](https://polyrific.ai).

# TRANSFORMING ENTERPRISES WITH AI-POWERED SOLUTIONS AND EXPERT IT CONSULTING.

Since 2014, Polyrific has been enabling enterprises to thrive in a tech-driven world by delivering expert IT solutions tailored to accelerate success and guiding organizations on their AI journey, from readiness to implementation, with a strategic perspective that integrates AI seamlessly with existing infrastructure

# WE MAKE AI AN ACCESSIBLE AND POWERFUL ALLY FOR BUSINESSES.

## CORE COMPETENCIES

---

### AI SOLUTIONS - READINESS | AUTOMATIONS | AI-DRIVEN INSIGHTS

- **AI Readiness Assessment:**
  - Discover insights with our 1-month AI Readiness Assessment (AIRA), examining strategic, cultural, technical, and risk readiness to tailor your AI deployment roadmap.
- **AI Strategy & Guidance:**
  - Step into the AI realm with a well-crafted game plan tailored to your business. Our mission is to transform those ambitious ideas into a clear and achievable roadmap, ensuring that AI seamlessly aligns with your unique goals and objectives.
- **AI Deployment & Integration:**
  - Your business is unique, and so is your path in the world of AI. We specialize in seamlessly integrating technology into your operations, making it feel like a natural part of your team. No complications, just the benefits.
- **AI Coaching & Backup:**
  - Think of us as part of your AI team. We're here to help you level up your skills and have a friendly chat about any AI hiccups you encounter along the way. Consider us your trusted allies throughout your AI journey.

## CORE COMPETENCIES

---

### FOUNDATIONAL SOLUTIONS - DATA WAREHOUSE | CUSTOM SOFTWARE | INTEGRATIONS | CLOUD

Polyrific excels in crafting tailored digital solutions that act as the foundation for your AI journey. We cover:

- **Cloud Migration:** Customized solutions for seamless migration across major cloud platforms, optimizing costs.
- **Software Development:** Expert services, emphasizing security, scalability, and compliance.
- **IT Consulting:** Tailored services to enhance user experiences, bolster security, and shape strategic plans.
- **Data Warehouses and Integrations:** Expertise in building efficient data warehouses and seamless system integrations.

We also offer data engineering, business intelligence, and DevOps solutions. Our focus is on rapid, client-specific outcomes driven by deep expertise and understanding of enterprise needs.

# RELY ON OUR EXPERIENCE TO PUSH YOU FORWARD.

## EXPERTISE

---

With over 9 years of experience, Polyrific delivers strategic tech solutions to diverse industries, including insurance, oil and gas, manufacturing, media, government, and fintech. Our partnerships drive transformative change via cloud, custom software, automation, AI, and more. We stand out through close client collaboration, tailoring solutions to maximize potential. Our commitment is to continually innovate and adapt to meet evolving industry needs.

## TRUSTED BY:

---

## UNIQUE DIFFERENTIATORS

---

Our clients often highlight our ability to deliver solutions swiftly and drive progress in a timely manner as a key differentiator.

- **Rapid Delivery:**
  - Our strategic thinkers and doers value forward momentum. We build and deploy solutions quickly to accelerate results.
- **Timeliness:**
  - Our focus stays on achieving milestones and delivering continuous value, not prolonged development cycles.
- **Tackling Initiatives Head-On:**
  - We confront challenges directly with an action-oriented, no-nonsense approach.
- **Responsiveness:**
  - We pride ourselves on providing nimble issue resolution to adapt to evolving needs.
- **Foresight:**
  - We build future-ready solutions leveraging the latest technological advancements.
- **Streamlined Practices:**
  - Our experience across technologies allows us to optimize practices for maximum efficiency.
- **Driving Tangible Outcomes:**
  - Our solutions aim for real-world impact that moves enterprises forward.

At Polyrific, our mission is clear progress powered by possibility. Let's connect to deliver swift, timely solutions that help unlock your organization's potential.
