

- Lockheed Martin
- Ollie Luba – Insider Threat Product Area Lead

LM Wisdom® Insider Threat Identification

- Lead generation showing individuals of most concern
- Evaluation of employee attributes, behaviors and actions:
 - Data fusion from large disparate enterprise systems
 - Counterintelligence analyst-defined models
- Drill-down for further investigation
- Discover new info through automated link analysis

Continuous Evaluation

- We are seeking teammates that have capabilities that can be integrated into the Wisdom ITI platform
